****\$25 Gift Card for being prequalified ends 4/30/2017

*****1% Cashback maximum \$400.00 effective 5/1/2017

What is GAP?

Guaranteed Asset Protection, or Gap, is a voluntary, non-insurance program offered as protection on a new or used vehicle that is financed or leased. It is a supplemental benefit that enhances, rather than replaces, your standard comprehensive, collision, or liability coverage. GAP waives the difference between your primary insurance carrier's settlement and the payoff of your loan. In other words, it protects the "gap" between your vehicle's value and the amount you still owe in the case it is damaged beyond repair or stolen and never recovered.
